

HISTORIC AMERICAN ENGINEERING RECORD

MASTER PROJECT RECORD

OH-9

Sidaway Avenue Footbridge, 1930
1.5 miles southeast of Public Square
Cleveland
Cuyahoga County
Ohio

NOTE: All photographs were taken by John T. "Jet" Lowe during the summer of 1978.

- OH-9-1 General view of bridge looking north. This is the only suspension bridge in Cleveland. It was designed by Wilbur J. Watson and Associates, Consulting Engineers. Sections of the Wooden deck are missing, and the bridge is no longer used.
- OH-9-2 View of suspension cable anchor at south approach, Sidaway Avenue Bridge.
- OH-9-3 General view looking north of bridge. Shaker Heights Rapid Transit line car barns visible in foreground.
